

MARINE SPIRIT THREE

HANSE 455

Fantastic performance and innovative design. The Hanse 455 has been awarded as the ship of the year in many countries. Cabins very bright and spacious that are complemented by two bathrooms on board. The 455 offers a toilet with washbasin and a starboard shower, and another aft bathroom on the port side of the lounge.

We must highlight the 20 hatches that bathe the entire lower part of the boat and provide great brightness. While the 455's large cockpit is the widest of the sailboats in its class. A spacious and comfortable space that will make stays in port more than pleasant.

For its comfortable navigation we have its standard self-tacking jib and the winches to handle the halyards and sheets. The design and construction allows us to enjoy the same way in fleet regattas presenting very good features.
